

The Festive Season goes out with a bang this year—with the Margaret Thomson Talent Showcase. Lots of very talented people entertaining the community.— and each other!

Project Update: Another great project comes to the end of its funding. Lunch for Less has run for 3 years with Tony and David leading the way, reducing food waste & using surplus supermarket stock to run weekly lunch clubs & cooking workshops. Other funding is being sought. **Lunch clubs will continue—now at £4 for 3 courses.**

As Connects2 ends, we are hopeful of a new project starting in 2020, fingers crossed! Meanwhile Jane, Angie and Michele's jobs as Connects2 staff have officially ended. A big thanks you to all staff for their enthusiasm and dedication over the past nine years with Connects! This change also signals the end of subsidy for some classes, but great things are being achieved and solutions found! Some groups are self-leading, some have secured donations and others have secured funding. Congratulations to all groups for their creativity and perseverance!
